Modular Cart Pole

The Modular Pole option for the Manrex Cart line up consists of a simple to use, strong and stable mounting pole for tablet or monitor screens, used during medication administration passes for facilities using electronic records or e-Mar. The Modular Pole can come with a mounting point for a monitor, which can be tilted side to side and up and down for ease of viewing. This mount can also be quickly adjusted for its location on the pole with a quick release, allowing the nurse to position the monitor higher or lower on the pole itself for personalized viewing preference.

The Modular Pole can come with either a bar-code scanner holster, if bar code scanning is used in the facility, or it can come with a keyboard mounting tray. This mounting tray can also be adjusted vertically on the modular pole and forward and backwards (limited) for ideal positioning when typing.

Note: The Modular Pole is simply a mounting device. It does not provide any electronic power source or electronic capabilities.

ITEM NUMBER: UG-968

UltraGlide Accessory Bar Set

The Accessory Bar set fits on the back of the UltraGlide cart and allows for accessories to be attached to it at any height along the bars.

It works with the Manrex Retaining Fences, which are designed to hold small cups, bottles and miscellaneous items in one spot, or the Tilt Bins, which provde compartmentalized storage for small items.

ITEM NUMBER: UG-963

UltraGlide Retaining Fence

Space on a medication cart is critical, so our retaining fence can help store and organize your equipment at your fingertips. Mounted along the back of the cart top in two sizes, from corner to corner, or one corner only, the Manrex retaining fence/bin is ideal for cups, hand sanitizer dispensers, Kleenex boxes, Pens and Markers or other smaller items that you want access to quickly, but would normally take up valuable drawer space. Made of metal for durability and easily mounted in either back corner of the cart.

ITEM NUMBER: UG-2021GKIT - 28" Retaining Fence for 500 Series
ITEM NUMBER: UG-2022 - 8" Retaining Fence for 500 Series
ITEM NUMBER: UG-2023 - 39" Retaining Fence for Plus Series

Tablet Holder

The Manrex Tablet Holder comes mounted to a flexible goose-neck support so the Tablet can be positioned conveniently for the nurse. The mount itself can be inserted in either back corner of the Manrex cart lines. The bracket holding the tablet is stretch loaded, so when the tablet is inserted, it is held securely by the corners. As it is expandable/contractable it also accommodates a wide variety of shapes and sizes of tablets.

ITEM NUMBER: UG-CTA-CLAMP

Hand Sanitizer Dispenser

During COVID the use of hand sanitizer became standard of practice, but difficult to store on the med cart. The Manrex Hand Sanitizer and bracket can mount on your cart and provide instant access to sanitizer without losing valuable storage space on your cart. Mounted to the back of the cart, the motion sensor dispenser allows you to clean your hands at the cart prior to medication administration. Easy to use with refills available from Manrex. Save space on your cart while still maintaining good infection control practices.

ITEM NUMBER: MBM978

Extension Bin
