

Webstercards

The bilingual Webstercard is a twelve-dose medication card. The Webstercard has auxiliary administration instructions such as “don’t crush”, “with milk”, etc. along the side of the Webstercard. There is also a 24-hour clock for the medication administration times. The drug relevant information is highlighted by the pharmacy and in turn provides valuable information to the nurse administering the medication.

ITEM NUMBER: 1012 – Box of 1000 cards

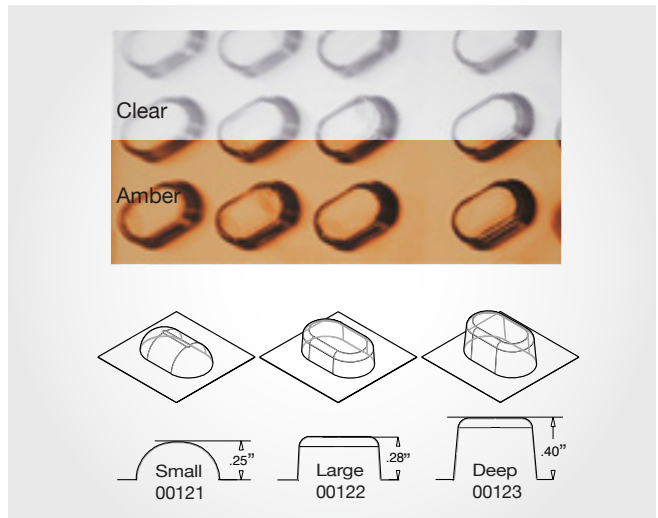

Websterblisters

The Pharmaceutical grade plastic used to produce all Websterblisters meets requirements by the Health Protection Branch. Available in boxes of 1000 blisters.

ITEM NUMBER:	SIZE:	COLOR:
00121	Small	Clear
00122	Large	Clear
00123	Deep	Clear

ITEM NUMBER:	SIZE:	COLOR:
00122A	Large	Amber

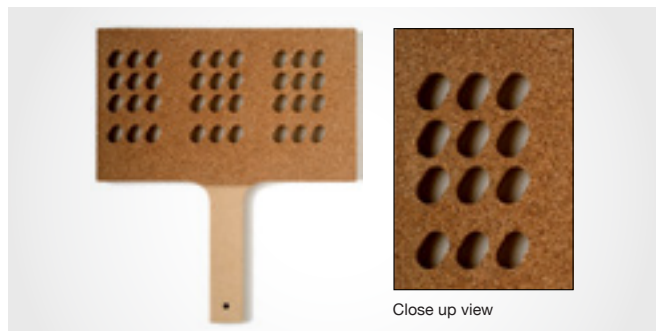

Amber blisters are used to package light sensitive medications.

The Webstersystem® Platen

The Webstersystem® Platen is made of MDF cork board. It is durable, light and easy to use. This platen is required to hold the Webstercards during sealing to ensure a strong and uniform seal. The Webstersystem® platen seals three Webstercards at a time.

ITEM NUMBER: 40-001 – Available individually

Webstercard II Blue/Orange

The Webstercard II Blue/Orange is a reminder card. The blue side alerts the nurse to administer items that are in the individual patient drawers in the medication cart and the orange side alerts to items stored off site in the fridge. It is kept on the Websterfile and is slightly longer than the Webstercards so it is easily visible during a medication pass.

ITEM NUMBER: 1039 – Package of 100

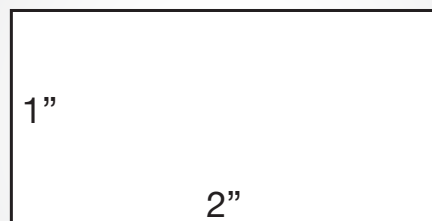

Med ID Labels

The Med ID Labels are used by pharmacy to identify the medication name, strength, lot number, and expiry date of medication packaged into Webstercards.

Measurements: 1" x 2" (2.5 x 5cm)

ITEM NUMBER: 5017 – Roll of 1000 Labels.

ITEM NUMBER: 5017A – With continuous pinfeed backing

Yellow Patient ID Label

The Yellow Patient ID Label is applied to the bottom of the Webstercard or Webster Divider to identify the patient's name, room, and bed number. The yellow colour highlights this information.

Measurements: 3 1/4" x 1/2" (8 x 1.3cm)

ITEM NUMBER: 5016 – Roll of 1000 English Labels.

ITEM NUMBER: 5016F – Roll of 1000 French Labels.

ITEM NUMBER: 5016A – Roll of English Labels on continuous pinfeed backing

Websterfile

The metal Websterfile is used to store the filled Webstercards in the correct sequence for specific medication passes.

Measurements: 13 1/2" L x 3 1/2" W x 7" H (34.5 x 9 x 18 cm)

ITEM NUMBER: 209 – Available individually

Webster Divider

The white plastic Webster Divider is used on the Websterfile to separate one patient's medications from those of another patient. Various labels can be applied to the divider. The Webster Divider is slightly longer than the Webstercards so the patient's name and room number are easily visible.

Measurements: 3 1/4" x 8 1/8" (8.25 x 20.6 cm)

ITEM NUMBER: 008 – Package of 10

Webstersystem® Metal File Clip

The Webstersystem® Metal File Clip fastens to the top of the medication cart to hold the Websterfile™ in position during a medpass. It can also be mounted onto the wall to store filled Websterfiles in the medication room.

Measurements: 3" W (7.5cm)

ITEM NUMBER: 2017W – Available individually

Safe Seal

The Safe Seal, with its patented magnetic auto open feature, can seal a compliance blister card in seconds while you're busy prepping the next one. Eliminate guesswork; you'll always know the pressure setting with the digital pressure display. The patented magnetic assist lock down provides maximum pressure so locking your machine down is effortless, delivering even heat and pressure edge to edge for a perfect application every time. For use with heat seal and reusable card systems.

Features include:

- Patented, Magnetic Auto open feature
- 3/4" thick coated upper platen
- Digital time and temperature controls
- Temp range 170° - 430° (76°-220° C)
- °F or °C available

Dimensions: 26"H x 16"W x 21"D

Platen Size: 11" x 15"

Shipping dimensions: 31"L x 21"W x 21"H

Shipping Weight: 72 lbs
